

IVAN GONZALEZ CAVERO

STUDENT COMPUTER SCIENTIST

PROFESSIONAL SUMMARY

I am a student, currently a computer science student with the desire to enter the working world. I consider myself demanding with myself to learn and achieve what I propose. I never like to stop learning and keep improving in all possible areas and accept any mistake of mine to change it.

PROFESSIONAL SKILLS

- Adaptability
- Fast learner
- Self-demanding
- Team player

TRAINING

Valencia / IES - Serpis

Microcomputer Systems and Networking
September 2020 - Currently

I consider myself a very self-taught person, I have developed websites, I learned to use almost any office application, I have developed some applications and so on.

Food Handler's Certificate

No expiration date.

I have a handler's license, which I obtained after successfully completing the required test.

WORK EXPERIENCE

I have not had the opportunity to enter the working world, but with a lot of motivation on my part I know I will be able to learn and adapt.

I know that in most cases this is a problem, but what I have no doubt is that I will give my all and more to find the profile you need.

HOBBIES

I like video games a lot and they have given me certain qualities that I consider to stand out, thanks to different situations:

Active listening

Ability to give my full attention under pressure

Criteria in decision making

I always look for the good and the bad in doing something, so I try to do it well.

LABOR REFERENCES

Currently I have no outstanding preferences, although if I had to say something I would say :

- Logistics
- Cashier
- Stocker
- Office automation
